

ISO Standards Knowledge workshop

The new standard ISO 9001:2015, plus 14001:2015 and 45001:2016

Learn about how the ISO standards will add value to your business, the perceived issues in implementation, and how the management processes will be evaluated.

The [ISO Standards Knowledge workshop](#) is intended for Managers, Auditors and Business Mentors. It will be a good opportunity to have clients, potential clients, and auditors mixing with no hard selling.

It is not just a workshop for those seeking certification—it's intended for any business that wants to add value to their day-to-day operations.

Please complete the [online registration form](#) indicating date and location. For more information, contact [Graham Forsman](#) at NZOQ, +64 6 351 4407.
